

Chattanooga Public Schools

2022-2023
Return to Learn Plan

The goal of this plan is to provide a safe and healthy environment in which Chattanooga Public Schools may return to school in person. This plan will be reviewed regularly and we welcome continued input from the community. Your input will ensure that we are addressing concerns and meeting the needs of our students. You are welcome to meet with administration by stopping by the superintendent's office. You may also contact Mr. Brown by email at jbrown@chatty.k12.ok.us, Mr. Matlock at dmatlock@chatty.k12.ok.us, or Mrs. Sharp at msharp@chatty.k12.ok.us . Each administrator may also be reached by calling 580-597-3347.

Hygiene Practices

- School employees will review the importance of handwashing and respiratory etiquette regularly
- Hand sanitizer dispensers are available in all classrooms, cafeteria, gymnasium, auditorium and hallways
- Classrooms will be sanitized daily
- Restrooms will be sanitized throughout the school day
- All water fountains will have a touchless water bottle filler
- High touch areas will be sanitized throughout the school day
- HVAC filters will be changed regularly and windows will be open when possible to improve air quality

Masks

- Staff and students will be shown the universal and correct way to wear a mask through demonstration and signage

Temperature Screenings

- Please do not send students to school sick/with a temperature of 100.4 or more
- If a student is sent home with a temperature, parent should not send the student back to school until fever free for 24 hours (Student must be fever free without fever reducing medication)

Covid19

Screening/Quarantine

- The school will have monthly communication with State Health officials, Comanche County Health Department and Tribal Health officials to determine any need for COVID testing, vaccinations, quarantine, and/or mask policies
- COVID testing is encouraged for anyone experiencing symptoms

Covid19

Screening/Quarantine

- OSDH has developed a symptom assessment tool to help determine when someone should be kept home or sent home from school for any communicable disease illness.

| “A” Symptoms | “B” Symptoms |
|--|----------------------------------|
| Fever ≥ 100.4 F | Nasal Congestion/Stuffy Nose |
| Sore Throat | Runny Nose |
| Cough | Muscle/Body Aches |
| Difficulty Breathing | Fatigue |
| Diarrhea or Vomiting | Chills |
| New Loss of Taste or Smell | Nausea |
| Rash or new unexplained lesions | Loss of Appetite |
| | Elevated Temperature < 100.4 F |
| | New Onset of Severe Headache |
| Recommend staff/student be kept home or sent home if: | |
| Person has 1 “A” Symptom OR Person has 3 “B” Symptoms | |

Quarantine

Five full days of isolation at home is recommended for COVID-19. The day 0 count begins on the first day of symptoms. If no symptoms are present, the day 0 count begins on the day the positive test was collected. After leaving isolation, it is recommended to wear a mask in public for an additional 5 days. If a mask is unable to be worn, 10 days of isolation at home is recommended.

Vaccinations

- The school has and will continue, in coordination with state, local, and tribal health officials, to provide vaccination opportunities for the staff, students, and community as we are afforded the opportunities to do so
- The school will encourage vaccinations for staff and students per CDC and FDA guidelines

Continuity of Services and Attendance Policies

- **Students who are sick should remain at home**
- **Committees will be in place to consider exceptions for medical absences related to COVID-19**
- **Appropriate accommodations for students with disabilities will be provided**
