**TO THE STUDENTS OF
CHATTANOOGA PUBLIC SCHOOLS**

Welcome to the Chattanooga Public Schools. Through the doors of this school lie opportunities for you to continue the basics and at the same time broaden your education into the areas of talents and abilities: thereby, laying a solid foundation for your selected occupation and later adult life.

Your years at Chattanooga Public Schools will be only as successful as you set out to make them. Decide now to maintain an attitude of sincere purpose in your school work, to be a loyal supporter of your school, and to keep alive school spirit at all times. In so doing, you will earn the respect of your teachers, your parents and your community.

This handbook is for your information. The rules and regulations outlined are not set to restrict your freedom or rights, but to make the school facilities and opportunities free to all. Learning to respect the rights of others is essential.

**OBJECTIVE OF THE CHATTANOOGA
PUBLIC SCHOOLS**

Our Democratic form of government and our great American way of life depends entirely upon how well public education continues to educate our boys and girls toward the responsibilities of a good citizen. This is the purpose for which the American system of public education exists.

The Chattanooga Schools are designed to promote the development of students and to help them realize sound, wholesome adjustments and maximum accomplishments commensurate with their potentialities so that they may take their places in our democratic society as loyal, responsible and productive citizens.

Correlated with their activities is an integral part of our philosophy that children should develop the practice of sound, honest thinking. Through a searching knowledge of self, family and community it is believed that a respect for authority and pride in our national heritage will emerge. The learning process should include many and varied practical situations in which students may become increasingly democratic, find solutions to present day problems and develop individual interest and talents.

We believe in the inherent worth of the individuals and their capacity for growth; physically, intellectually, emotionally, socially and spiritually.

NOTIFICATION OF NONDISCRIMINATION

Chattanooga Public School does not discriminate on the basis of race, color, national origin, sex, age, or disability in admission to its educational programs, in the administration of services it offers, in its recruitment, hiring and employment practices, or in any aspect of its operations. Jerry Brown, Superintendent, is designated to coordinate civil rights compliance activities at Chattanooga Public School and may be contacted at:

FOREWARD

The Chattanooga Board of Education has a written code of "Rules and Regulations" which includes all the policies of the local Board of Education. The board wishes to act at all times in the best interest of all students with consistency of procedures to help develop confidence in the public and teachers. The board hopes that the students will properly and carefully prepare self imposed regulations to prevent unwise steps on particular occasions and to serve as a beneficial restraining influence when most needed. It is thought that good policies will instill the desire to follow good, sound business methods and procedures. The following code of rules and operational procedures are adopted for the benefit of all.

ACCIDENTS

All accidents that involve a student will be reported to the teacher for proper evaluation of possible injury. Accidents involving personal injury will be reported to the principal.

ADMISSION REQUIREMENTS

On or before September 1 of the current year, Pre-K students must be four years old, Kindergarten students must be five years old, and first grade students must be six years old. A birth certificate and immunization record must be on file for all of these students.

All other students enrolling in Chattanooga Public Schools for the first time must present an up-to-date immunization record.

ADMISSIONS AND RESIDENCE

It is the policy of the Board of Education that the residence of any child, for school purposes, shall be the legal residence of the parents, legal guardian, or person or institution having care and legal custody of such child except a therapeutic foster home as defined in 70 O.S. 1-113 (c). Provided that such parent, legal guardian, person or institution having legal custody contributes in a major degree to the support of such child. Provided, further, that any child who is self-supporting shall be considered a resident of the school district if the child works and attends school in the school district. Questions concerning legal residence of children who have been placed in foster care homes or in a state-operated institution shall be determined in accordance with Oklahoma law codified in Oklahoma Statutes Title 70, Section 1-113. All other questions of residence shall be referred to the state superintendent of schools.

All children between the ages of 5 and 21 on or before September 1 residing within a school district are entitled to attend public school regardless of nationality or citizenship.

The superintendent will serve as the residency officer of Chattanooga Schools.

The superintendent or designee will be responsible for the receipt of all applications of admission, the conduct or registration procedures, and for certification that all admission requirements and prerequisites have been properly met by the student. The superintendent or designee may require the submission of evidence of residency in order to determine whether the student is eligible to attend the public schools or programs without payment of nonresident tuition. Such evidence may include, but is not necessarily limited to, the following:

1. Proof of payment of local personal income tax or ad valorem taxes;
2. Title to residential property in the district, or a valid unexpired lease agreement, or receipts for payment of rent on a district residence in which the applicant actually resides;
3. Proof of provisions of utilities;

If the school district initially denies admittance of a student who claims to be a resident of the district, the parent, guardian or person having care and custody (hereafter parent) of the student shall be informed that they may request a review of the decision of the residence officer. If during the course of the school year a dispute arises as to the residence of a student

who is enrolled and attending school, the student shall be allowed to continue in school until the dispute procedures have been exhausted. The parent of the student must notify the residency officer in writing of the review request within three (3) school days from denial of admittance. Upon receipt of a request for review, the residency officer shall allow the parent, guardian or person having care and custody to provide additional pertinent information in accordance with the district's criteria and the statutory provisions regarding residency. Said information must be submitted with the request for review. The residency officer must render a decision and notify the parent of the decision and reasoning therefore in writing within three (3) school days of the receipt of the request for review. In the event the parent disagrees with the decision, the parent shall notify the residency officer, within three (3) school days of receipt of the residency officer's decision, who will submit his/her findings and all documents reviewed to the local board of education. The local board of education will review the decision and the documents submitted on behalf of the district and the student and render a decision at the next board meeting. The local board's decision shall be the final administrative decision.

AFTER SCHOOL DETENTION

Changing policy at the state level makes it necessary for us to consider keeping students after school as a punishment for inappropriate behavior. This will not be the first alternative of punishment, but when it is used students are reminded that:

1. They will be expected to get their own transportation home.
2. No excuses will be accepted for missing after school detention.
3. Students that miss after school detention will be subject to suspension from school for their failure to comply with school detention policies.

Students are reminded that the best way to handle after school detention is to avoid it all together. Keep your actions within the accepted norms and keep all of your freedoms and privileges.

ALL SCHOOL ASSEMBLIES

From time to time Chattanooga Schools will provide all school assembly programs. These quality programs are provided for our students in order to augment our ordinary classroom activities with programs not otherwise available. All students, as well as faculty, are expected to attend these programs. Students should sit with their respective classes and teachers should sit with them. Remember to always treat our program providers as though they are honored guests so that they will always want to return.

ASBESTOS ANNUAL NOTIFICATION

All buildings in the Chattanooga School System have previously been inspected for asbestos material. A management plan is available in the office of the superintendent.

This notice is for your information and compliance to (AHERA) requirement and should not be cause for alarm.

ATTENDANCE FOR ELEMENTARY

1. It is important that children attend school regularly. However, if a child has fever or is throwing up, they should stay home.
2. If a child is absent from school, an adult should call the Elementary Office between 8:00 a.m. and 9:00 a.m. on the same day.
3. A written note from a parent, guardian, doctor, or dentist stating the reason for the absence should be sent with the child when he/she returns to school. The notes will be kept as documentation of the absence.
4. All Elementary students (Pre-K - 6th grade) that are late should be signed in at the Elementary Office by an adult. Failure to sign in could result in an unexcused absence. If a student comes in before 9:15 a.m. he/she will be counted as tardy and after 9:15 a.m. he/she will be counted absent for 1/2 day. Anyone checked out in the afternoon before 2:15 p.m. will also be considered absent for 1/2 day.
5. Students will be given one day for each day missed to make up classroom assignments. Homework for absences due to school activities should be done before the absence unless other arrangements are made with the specific teacher. Missed work/tests will be made up during non-instructional time following the day of absence.
6. Elementary students who have more than 8 absences during a 9 weeks period will have their grades lowered by one letter grade for that 9 weeks period. Any exception will be at the discretion of the principal after a parent/principal conference and/or a review of the student's absentee documentation file.
7. The proper authorities will be contacted if a student has excessive absences other than those documented by notes from a doctor or dentist.
8. Any situation not covered in this policy will be left up to the discretion of the Elementary principal.

ATTENDANCE FOR JH AND HS

Students must be in attendance 90% of each semester to receive credit. Therefore, the maximum number of days that may be missed is 8 days per semester. Students missing more than 8 days of the semester will be given a plan of action to make up the absences. The plan of action will be at the discretion of the Principal. Failure of the students to uphold the agreement will result in failure of the class or classes for the semester and no credit. Absences for school activities will not count in the number of days a student is allowed to miss each semester.

One day of Saturday School will cancel one absence. Saturday School hours will be 7:00 a.m. - 12:00 p.m.

ABSENCES

Excused

Absences due to causes such as illness, death in the family, weather conditions, medical appointments (with doctor's note), and other valid reasons shall be excused and the class work may be made up. These absences, although excused, still count towards the student's number of days absent during the semester.

Unexcused

Examples of unexcused absences are: Skipping school, parents not notifying school of student's absence, leaving

school without checking out, etc. The Principal will determine if an absence is excused or unexcused.

A parent or guardian must call the principal's office by 3:35 p.m. of the day that the student is absent. If the school is not notified by 3:35 p.m., the absence will be considered unexcused.

When late to school, students must sign in at the office. Failure to sign in could result in an unexcused absence.

JH & HS AWARDS, SCHOLARSHIPS & RECOGNITION

The school tries, whenever possible, to give recognition of some form to outstanding students. Among the awards presented each year are:

1. All Around Boy and Girl Awards - This award is voted on by the student body. A junior high and high school boy and girl are selected for this award. This award is based on citizenship, integrity and popularity.
2. Gutshall Award - This award is presented each year in memory of George Gutshall, Jr., who lost his life during World War II. A fund has been set up by the late George Gutshall, Sr. to finance this award. A plaque is given each year to a graduating senior. The basis for selection is scholarship, leadership and integrity. The person to receive this award is selected by the Senior High Faculty.
3. Scholarships are awarded to beginning college freshman students at the various institutions of higher education. These scholarships are based upon scholastic ability.
4. Departmental scholarships are made available to the various institutions of higher education and outside organizations to students who have potential in areas of high achievement.
5. Student loans - Institutions of higher education have loan funds for students who need financial assistance. Most institutions of higher education participate in the National Direct Student Loan and Guaranteed Student Loan Program.
6. Rehabilitation Scholarships - The Department of Institutional Social Services offers payment of tuition and other services to students who have certain physical handicaps provided the vocational objective selected by the student has been approved by the representative of the Division of Rehabilitation.
7. Grants - Supplemental educational opportunity grants are given primarily to those students who have applied for a National Direct Student Loan and have established a financial need.
8. Bureau of Indian Affairs Scholarships - The United States Government, through the Bureau of Indian Affairs, provides annual scholarship grants to assist eligible students to attend institutions of higher education.

The school, through its administration, teachers, and foremost through its counseling program, will assist all students in having a successful enough school career to qualify for college help of some kind. It then becomes the responsibility of each student, and especially the seniors, to take every opportunity offered to them to pursue some type of higher education. Your senior year should be the most important year of your high school career, so please do not waste it.

BULLYING/HARASSMENT

The Chattanooga Board of Education will not tolerate bullying, harassment, or sexual harassment by any of its school employees or students. This policy applies to all students and employees including non-employee volunteers whose work is subject to the control of school personnel. Copies of the Chattanooga School Board Policy on sexual harassment or discrimination and procedures for filing grievances may be obtained in the high school office.

CAFETERIA

1. The Chattanooga School breakfast and lunch program plays a major role in the total education of our school children, particularly as it affects their nutritional status and well being.
2. The Chattanooga School operates a breakfast and lunch program with meals available to students of all grades. Wholesome, well-prepared meals are available in the school cafeteria at a very reasonable cost. Reduced and free breakfasts and lunches are available for qualified students.
3. Students are not to be in the cafeteria except at appropriate times for meals.

CAFETERIA ETIQUETTE

Students are requested to help keep the cafeteria as clean and orderly as possible at all times. No food or drink shall leave the cafeteria. Student may bring their lunches from home, but no soft drinks are allowed.

CELL PHONES

Cell phones, smart watches and any other electronic devices are not allowed to be used by students during the school day from the hours of 8:15 a.m. - 3:35 p.m. Cell phones should be silenced during the school day. Students will check their phone in before each class and will check it out when class is dismissed. PK-6 students are to turn off their phones and place them in their backpack. Students observed using a cell phone during school hours will have their phone confiscated and given to the principal. The confiscated phone will be returned to the student at the end of the school day.

There will be no photographing or videotaping of any person in any dressing room, restroom, or anywhere there is a "reasonable expectation of privacy."

Disciplinary action for use of cell phone during the school day will be Saturday School.

CHANGE OF SCHEDULE

Students desiring to drop a course or make some other change in their class schedule should make the request at the principal's office. If a change is desirable, the student will be given instructions for making the necessary changes in the schedule. No changes in schedules may be made after the first week of each semester except at the request of the teacher.

CHILD FIND

CHATTANOOGA PUBLIC SCHOOL is continuing its search for handicapped persons, age 21 and younger, who are not presently being served by the Chattanooga School, but who are living in the Chattanooga School District.

The search is part of the Child Find Project that finds children with mental and physical handicaps, visual and

hearing impairments, learning disabilities, multiple handicaps, and serious emotional disturbances.

Anyone who knows of a handicapped child, age 21 or younger, who is not currently receiving district services is encouraged to call 597-3347 or 597-6638.

CONCURRENT ENROLLMENT POLICY

Juniors and seniors meeting the minimum requirements set forth by the State Department of Education may enroll in a college or university for college credit. These credits may be used to fulfill graduation requirements prescribed by the State Board of Education (dual credit), or as additional courses to pursue educational goals and interests not offered during the current school year. Only seniors will be allowed to enroll in a college-level English course. Students wishing to enroll concurrently should meet with the school counselor and principal to discuss enrollment.

Concurrent enrollment classes will be recorded on the student's transcript but will not be counted toward the valedictorian and salutatorian standings unless the approved course is being taken in lieu of a required course for graduation.

COPY MACHINES

Copy machines are provided for the teachers use in order to provide the students with necessary materials. These machines are very expensive to purchase and maintain. Paper and chemicals for their use are also very expensive. Students should not use these machines unless asked to do so by a staff member. These machines are not to be used for personal copying of items such as classroom notes.

DAILY SCHEDULE

1. Breakfast will be served from 7:45-8:05 a.m. School will begin promptly at 8:15 a.m. each school day. A warning bell will ring at 8:10 a.m. All students are to be in their classroom by 8:15 a.m.

DANGEROUS WEAPONS-DANGEROUS SUBSTANCES

Chattanooga School is a drug and firearm free area. We are proud of our reputation for providing a safe environment in which all of our students can learn. Students and patrons are reminded that these materials will not be tolerated on the school grounds. The student lockers are a part of the school. The student lockers or vehicles may be searched by school officials at any time for school property or for items that may be suspected as being illegal or inappropriate for possession on school grounds.

DRESS CODE

Students are reminded that they are often judged by others on their outward appearance and that older students are seen as role models by the younger students. Appropriate attire should therefore be viewed as advantageous to the student body. Attire that is disruptive to the learning environment should be avoided. Some examples of attire that is inappropriate are listed.

1. Shirts with alcohol, tobacco or drug advertising, vulgarities or other offending logos are to be avoided.
2. Muscle, net or tank tops are inappropriate for school wear. Boys may not wear sleeveless shirts. The shoulder strap for girls must be at least the width of a dollar bill. Shirts that expose skin between the bottom of the shirt and the top of the pants are inappropriate.
3. "Sagging" shorts, pants or skirts are inappropriate and will not be worn.
4. Students and school personnel may not wear shorts, skirts, or dresses shorter than the fingertips. This is measured as the student is standing with arms resting normally at the side. Shorts may only be worn before Fall Break and after Spring Break.
5. Leggings may be worn as long as the item covering them is no shorter than the fingertips.
6. Caps, hats and bandanas may not be worn in the school building.

Students will be allowed to wear shorts as long as the students comply with the short/skirt dress code. Dress code situations that arise and are not covered by the handbook will be interpreted by the administration.

DRUG-FREE WORKPLACE

Chattanooga School is a Drug-Free Workplace and as such will fully comply with the Drug-Free Workplace Act of 1988. Employees, students and patrons are reminded that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited within the school or upon school grounds. Employees or students found in non-compliance with this act can find themselves terminated from employment or suspended from school. No smoking, chewing or dipping of tobacco products is allowed on the premises.

ELIGIBILITY FOR ATHLETIC COMPETITION

1. The rules of the OSSAA are followed and will pertain to all activities.
2. Students are encouraged to keep up their grades so as not to lose their eligibility due to poor grades.
3. No pupil shall be eligible to represent his school until a physical examination and parental consent certificate, on a form prescribed by the Association, is on file.
4. An ineligibility listing will be posted and updated on a weekly basis.

EXAMINATIONS

Semester tests shall not count more than 1/5th of a student's grade.

FERPA ANNUAL NOTIFICATION OF RIGHTS

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age

("eligible students") certain rights with respect to the student's education records. They are:

1. The right to inspect and review the student's education records within 45 days of the day the District receives a request for access.

Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading.

Parents or eligible students may ask the District to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interest. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate education interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District discloses educational records without consent to officials of another school district in which a student seeks or intends to enroll. (NOTE: FERPA requires a school district to make a reasonable attempt to notify the student of records request unless it states in its annual notification that it intends to forward records on request).

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

It is the policy of the Chattanooga Board of Education that the building principals and/or designated school personnel will periodically conduct head lice checks and will assume the responsibility for enforcing the following procedures.

1. School personnel will identify and exclude from school only those students with live lice and/or nits found within one-half inch of the scalp.

TEN-DAY ABSENCE POLICY

Regulations concerning attendance and activities in the Chattanooga School District are designed to aid students so that maximum learning can occur. Consistent classroom attendance assists students in developing strong work habits, responsibility and self-discipline. The goal of the board of education is to facilitate a balanced education for each student. With this in mind, the following attendance/activities regulations have been established.

1. The principals, as directed by the board and the superintendent, shall annually review the scheduling of activities so that minimal interruptions occur in the instructional program of a student.
2. School Activity: These are extra curricular activities, whether sponsored by the school or outside agency, which remove the student from class more than half of a class period.
3. The Internal Review Committee shall be appointed by the board of education.
4. The maximum number of absences for activities that removes the student from the classroom shall be ten (10) for any one class period in the school year. State and national levels of school-sponsored contests are excluded. The criteria for participating in such contests must be submitted in writing by the local school sponsors and approved by the board.
5. Once a student has had ten activity absences from any one class period, the student must be reported to the Principal's Office for consideration for further absences. The Internal Review Committee will review the case and decide if more absences are warranted. Any deviation from the ten-day absence rule shall not exceed five days.
6. The Superintendent or his designee shall be responsible for maintaining an addendum to the attendance records that apply to this regulation.

Students found to have tobacco products (this includes any vaping/Juul or related products/supplies) in their possession (including locker and/or vehicle) will be given 2 days of suspension on the first offense and 3 days of suspension for each offense thereafter. Students using tobacco will receive 3 days of suspension for each offense.

TRANSPORTATION

Each driver of a bus has complete authority to maintain order and discipline on his/her bus, on the route, or when he/she is serving as driver on any school activity. Prompt obedience is expected of all students as the welfare and safety of the passengers depends on the driver. Students are advised to acquaint themselves with all rules that apply to riding a bus and follow them at all times.

Students that bring their own cars or other transportation to school are reminded that they are to park these vehicles upon getting to school. These vehicles will not, under any circumstances, be moved without permission of the principal. These vehicles while parked at school are subject to search at anytime.

VISITORS

Chattanooga School welcomes visitors to our school, however, it is necessary for all adults to stop by the office when they first arrive at the school. If a parent needs to have a conference with one of the teachers and/or the principal, it would be preferable if a call was made before hand to set up an appointment. This would ensure that arrangements could be made that would be convenient to all parties involved and would not take any of the faculty away from their scheduled duties.

Student visitors to the classroom are discouraged.
